- Nodejs
- Etherjs and Hardhat
- Project-Management
- Problem-Solving
- Strong Communication

EXPERIENCE

ETHGLOABAL ONLINE HACKATHON

D3VENT : <https://d3-vent.vercel.app/>

Sponsor winner for Best social app , Best usecase app.

- D3VENT it is a web3 application where you can host any event and as well attend any event . It also allows ad providers to showcase their ad during the stream which gives profits to the host .

CHAINLINK HACKATHON

LIQUISWAP : <https://liquiswap-seven.vercel.app/withdraw>

- Liquiswap watches the market prices of assets its users have invested on protocols like Aave. If the price drops below the user defined threshold, Liquiswap will automatically withdraw the investment asset and swap it for stablecoin, limiting potential losses. It's a stop loss while your assets are earning yield.

FEVM HACKATHON

XYZ DAO :: <https://xyz-dao-eight.vercel.app/>

- xyzDAO is attempting to solve this problem where you do not have to rely on any algorithm to increase the number of views ,on our platform the community you are targeting can support your content directly and help you grow an "OG" community where the first believers of your content are also rewarded.
